In this 2 week class Students will complete a 2 person sail boat. The boat is 4ft x 8ft and can be transported by almost any vehicle. All basic materials are included, even the sail! No carpentry skills required. If you can use basic hand, and power tools, you CAN build a sail boat! This could be a great family project. You can be on the water sailing by this summer!

Class times are March 15-18 and 21-24 6:30 pm to 9pm

Cost is \$750 per boat
