**We will make every effort to have kilns fired in a timely manner, however, partial kilns will not be fired. If you are in a rush you can purchase a full firing and we will load and fire the kiln as soon as it is available, even if you don't have a full kiln load.

**Due to extra labor. If you make small items, like jewelry, ornaments, etc... you must provide and place them on a small tray or kiln tree for your pieces to be fired.

**All work must be "dry footed" or you will provide stilts for low fire. No cone 6 pieces will be fired on stilts.

**A \$15 fee will be added for any projects that drip glaze onto the shelves or otherwise cause damage to the kiln shelf.

**Projects stuffed with paper (or other combustible) or project coated with Gulf wax or latex resist will not be fired.

**Work will be accepted for firing at the sole discretion of the kiln tech.

**The William Felton School of Crafts or any agents there of, will not be responsible for any loss or damage clay projects that are fired.
